

# PIR Occupancy Sensor

Pictured with nickel bezel  
690030.054-NI

Pictured without bezel

## Part Numbers

690030.054-NI	PIR sensor w/ nickel bezel
690030.054-BK	PIR sensor w/ black bezel

## Features

- Passive Infrared (PIR) sensing technology designed to detect the movement of heat emitting bodies
- Automatic ON/OFF operation: The sensor turns light on when motion is detected and off again when motion is no longer detected for 3 minutes
- Multiple application possibilities including, undercabinet, storage compartments, and bedrooms
- Daisy chain multiple lights back to one central switch

## Product Details

Housing Material	Plastic
Voltage	10 - 14V
Wattage	14W max
Input Current	1A max
Sensor Distance	3 ft
