

Push Lens Courtesy Light

Clear Lens No Bezel

Clear Lens w/ Bezel

Frosted Lens w/ Chrome Bezel

Features

- 10,000 cycle test ensures robustness of simple push lens on/off operation
- Small size allows for integration into locations where it would normally be difficult to incorporate a light
- Simple friction fit provides a quick and straight forward installation
- Designed for installation in interior or exterior applications
- ESD resistant board design prevents damage from static experienced during use
