

SHOUL™ Underwater Light

Features

- Available in standard size and a mini version for installation in tight spaces
- Turned marine bronze housing provides corrosion resistance and high end look
- Surface mount eliminates the need for large holes and simplifies installation
- Borosilicate glass lens prevents thermal expansion
- Thermal fold back prevents overheating when used outside the water
- Temperature driven intensity rollback protection ensures consistent light output

Specification Guide

Part #: 69687-RGBW

Base Part #
LED Color

Base Part #	LED Color
69687 - SHOUL	RGBW - RGBW
69688 - Mini SHOUL	B/W - Blue & White

Product Details

Type	Standard	Mini
Housing Material	Turned Marine Bronze	
Lens Material	Borosilicate Glass	
Voltage	10-30V DC	
Wattage	60W	16W
Current	5A @ 12V DC	1.12A @ 12V DC
Lumens	6300LM @ 6500K	1600LM @ 6500K
IP Rating	IP68	
UV Stable	Yes	
Wire Gauge	18AWG	
Wire Length	60"	
Operating Temp.	-4°F to +122°F
