

Nova Exterior Scene Light

69770-CH-65

Features

- Sleek profile for an updated look
- Durable design, built for rugged environments
- High output 2,300 lumens of illumination
- Available in black, white, nickel or chrome finish
- Projects light out and down for wide angle coverage area
- Reverse polarity protected and constant current electronics design ensures consistent light output over varying input voltages
- Center wire exit for easy mounting
- Waterproof rating: IP66, for exterior applications

Product Details

Housing Material	Aluminum
Lens	Clear Polycarbonate
Voltage	10-14V DC
Wattage	28.9 W
Current [@13.6V]	2.12A
Lumens	2300LM [6500K]
Color Temp.	6500K
IP Rating	IP66
Wire Gauge	18AWG
Wire Length	10"
Operating Temp.	-40°F to +140°F

Specification Guide

Sample Part #: 69770-CH-65

Base Part
 Bezel Finish Option (FF)
 Color Temperature (KK)

Base Part #	Bezel Finish Option (FF)	Color Temp (KK)
69770	BK - Black WH - White CH - Chrome Plated NI - Nickel Plated	65 - 6500K
