

# Bella™ LED Reading Light

69921B-CH3K-WW

69921B-NI3K-RS

## Features

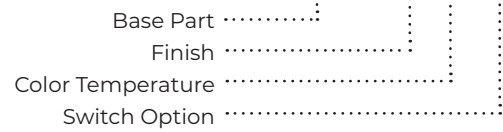

- Clear acrylic lens provides a modern aesthetic that blends with any interior
- Capacitive backlit switch acts as a night light and provides full range dimming
- Available in three finishes and either 3000K or 4000K color temperatures
- Excellent thermal management for long, 50,000 hour estimated, LED Life as compared to a 2,000 estimated life of a halogen bulb

## Product Details

|                       |                    |
|-----------------------|--------------------|
| Housing Material      | Aluminum           |
| Lens Material         | Acrylic            |
| Voltage               | 12V DC             |
| Wattage               | 1.2W               |
| Current [ @13.6V DC ] | 0.09A              |
| Lumens                | 95LM               |
| Color Temp.           | 3000K or 4000K     |
| Switch Backlight      | Blue or Warm White |
