

VersiColor RGBW Drink Holder w/ LED Lit Base

Features

- Stainless steel housing extends down in cup holder for high-end look and functions to hold rubber liner in place
- Rubber liner with cup stabilizers holds drinks securely in place
- LEDs at the base provide unique color patterns inside and project to the rim
- Simple installation - cut hole, wire and push in hole
- Added wire strain relief prevents any damage to the light during installation

Specification Guide

Part #: 81432SS-RGBW

Product Details

Housing Material	Polycarbonate
Bezel Material	Stainless Steel
Voltage	10-14V DC
Wattage	RGB: 2.2W White: 0.8W RGBW: 2.9W
Current	RGB: 0.18A White: 0.06A
LED Color	RGBW
Cutout Dimension	3-5/8"
IP Rating	IP66
Operating Temp	32°F - +158°F
