

7" Stainless Steel Assist Handle

INSTALLATION INSTRUCTIONS

Part#: 85606-SS

PARTS NEEDED:

		
Assist Handle	5/16-18 SS Mounting Screws (not provided)	Power Drill

Determine installation location. Make sure there is structural support behind the handle. Failure to install into adequate support will void the warranty and run the risk of pulling the handle out of the wall.

1. Mark screw holes, then drill pilot holes.

2. Place handle over holes and install using 5/16-18 stainless steel screws (not provided).
