

# Eminence LED Light

## INSTALLATION INSTRUCTIONS

Part#: 69242

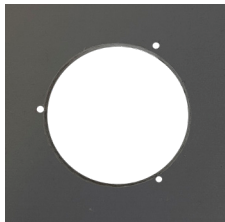

### PARTS/TOOLS NEEDED:

			
Eminence Light	Drill	Hole Saw Bit	Wire Nuts

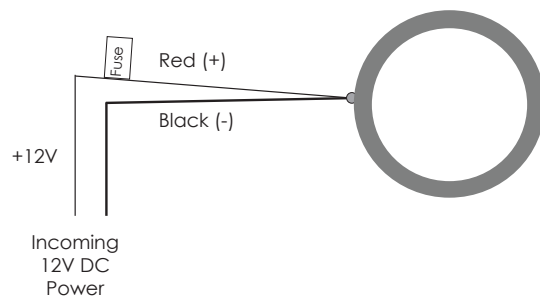

### IMPORTANT SAFETY INSTRUCTIONS. READ CAREFULLY FOR YOUR PROTECTION AND SAVE ALL INSTRUCTIONS.

- Disconnect power before installing, adding or changing any component.
- To avoid a hazard to children, account for all parts and destroy all packing materials.
- It is recommended that fuse protection be added to the positive (+) input.

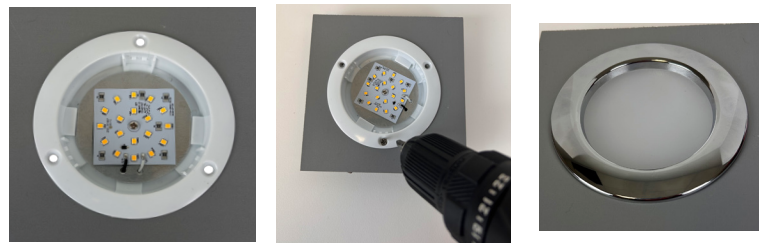

1. Determine the installation location for your light and drill a 3.5" hole saw drill bit.

2. Follow the wiring diagram below.

3. For the screw mount version remove the cover by twisting counter clockwise. Mark location of the screw and pre-drill. Using screws provided, screw in the fixture and re-install cover by twisting clockwise.

4. For spring mount, push clips on both sides of light up and slide housing clips up through the hole. Clips will snap down and hold the light in place.

3030 Corporate Grove Dr.  
Hudsonville, MI 49426
