

Linear Closet Light

Features

- Plastic channel can be screwed or stapled in place.
- Standard 12", 24", 36" and 48" sizes available, additional sizes can be provided on request*.
- Channel available in black or white. Channel is designed for interior installation and is not rated for UV exposure.
- Dual flange allows channel to be mounted on the ceiling or wall above the door ensuring adequate light coverage.
- Linear length provides more even lighting than traditional puck style closet lights.

6300K

3000K

Product Details

Dimensions	Tape Light: 0.315" Wide (8mm) Channel: 1.14" Wide
Total Wattage	1.4 W/Ft
Voltage	10 - 14V DC
Current	0.11 A/Ft
Lumen Output	70 LM/Ft
LED Color	3000K or 6300K
Wire Length	12"
Wire Size	18AWG
IP Rating	IP54
Operating Temp.	0°F - 120°F (-20°C - 50°C)
