

Blinker Light

Features

- Two color amber/white light acts as a blinker light
- Custom sizes available to match the geometry of each individual vehicle's headlights or taillights
- Three wire installation allows the lights to be turned on independently and additional driver prevents both lights from coming on at the same time.
- Astra (TPB) includes easy to install adhesive backing for quick and durable installation
- Luna (RNLL) requires mounting channel for installation

Product Details

| | |
|------------------|--------------------------------------|
| | Clear |
| Housing Material | Clear Silicone |
| Voltage | 13.6V DC |
| Wattage | Amber : 3.1W/Ft 6300K : 3.4W/Ft |
| Current | Amber : 0.23A/Ft 6300K : 0.25A/Ft |
| Lumens | Amber : 38LM/Ft 6300K : 225LM/Ft |
| Color Temp. | Amber/6300K |
| Wire Gauge | 18 AWG |
| IP Rating | Clear : IP64 Diffused : IP66 |
| UV Stable | Yes |
