

Whisper Latch

Part#: 2319X-XX

INSTALLATION INSTRUCTIONS

PARTS/TOOLS NEEDED:

		
Whisper Latch Assembly	1" Spade Bit (Not Provided)	Power Drill (Not Provided)

IMPORTANT SAFETY INSTRUCTIONS. READ CAREFULLY FOR YOUR PROTECTION AND SAVE ALL INSTRUCTIONS.

- Disconnect power before installing, adding or changing any component.
- To avoid a hazard to children, account for all parts and destroy all packing materials.
- It is recommended that fuse protection be added to the positive (+) input.
- Note: The 23199 (shown above) will contain a self latching lever that holds the door in place even when the lock is not engaged. The 23190 and 23193 do not include this lever.

1. Determine the installation location and drill a 1" hole using a spade bit. Mark the location for the mounting screws and pre-drill. Insert the round collar into the hole.

2. Push the round knob through the hole and attach the latch assembly with the black shim to the door using the screws provided.

3. Determine the installation location for the latch. Mark the location and secure the latch via screws.

3. Push the switch to ensure latch is in working order.
